

CHILDREN OF THE EARTH MONTESSORI SCHOOL

MARCH NEWS

In like a lion, and out like a lamb! Yes, we are already in March. And waiting anxiously for spring to arrive.

As this new month begins, our classrooms and students get ready to receive the new season and all the learning that spring brings. The children have been enthusiastically talking about the end of winter and the beginning of spring. Some of the comments that come up during our talk time are seeing more birds in our yards, the snow melting, days growing longer and not being so cold. As we can see, children become more and more aware of the world around us every day.

It is amazing to see how much the children have grown and learned since the beginning of the school year to now! It is also great to see the new families that have come in during the last couple of months. Thank you for entrusting your children to us! All of us know we have a great responsibility towards you and your families and do our very best to provide appropriate developmental learning experiences for the children, so they continue growing and developing to their fullest potential.

Many exciting things are happening in the weeks ahead: we are embarking in the new Parent/Infant program that already has some little ones registered. Some of our weekday mornings will be filled of baby talk, crawling bodies and parents learning along with their children. We are very excited and enthusiastic about the beginning of this new program! The school is also planning and preparing a "SPRING CELEBRATION" that will take place on Friday, March 26th from 6 to 9 pm at our school. This is a special time we are dedicating for our families to come together and celebrate the beauty of new beginnings, new life. More information regarding this special event will be sent home soon. Please be alert and save the date!!

At the same time we are planning for the Summer Program and next school year. Part of this planning includes knowing which children will be attending our summer program and coming back for the next school year. You have received the form for our summer program, so please take the time to let us know if your child will be participating. In the next couple of weeks you will receive a form asking if your child will be coming back the next school year. Please complete it as soon as you receive it, so we know what your plans are and we can plan accordingly.

As you can see, there is so much to do, learn and work on every day. We keep ourselves on task but we also like to take it easy and "go with the flow". This way we make sure that we all, children and teachers, enjoy our days at Children of the Earth Montessori School.

HAPPY SPRING EVERYONE!!
