

PILGRIMS AND NATIVE AMERICANS

On Friday, November 11th our students gathered to remember the first Thanksgiving Day. With much enthusiasm and excitement, they dressed as pilgrims and Native Americans with the costumes they, themselves, had made. Some children chose to be Pilgrims while others preferred being Native Americans.

We danced, laughed, paraded around the school and enjoyed eating our snacks all together as one big family.

During the afternoon we enjoyed playing outdoors and came back inside for more fun activities.

It was a wonderful experience for our students and a great way for them to learn the deeper meaning of Thanksgiving Day.

We hope you enjoy glancing at the pictures that follow:
